Eastern Karbi Anglong College  
Sarihajan, Karbi Anglong

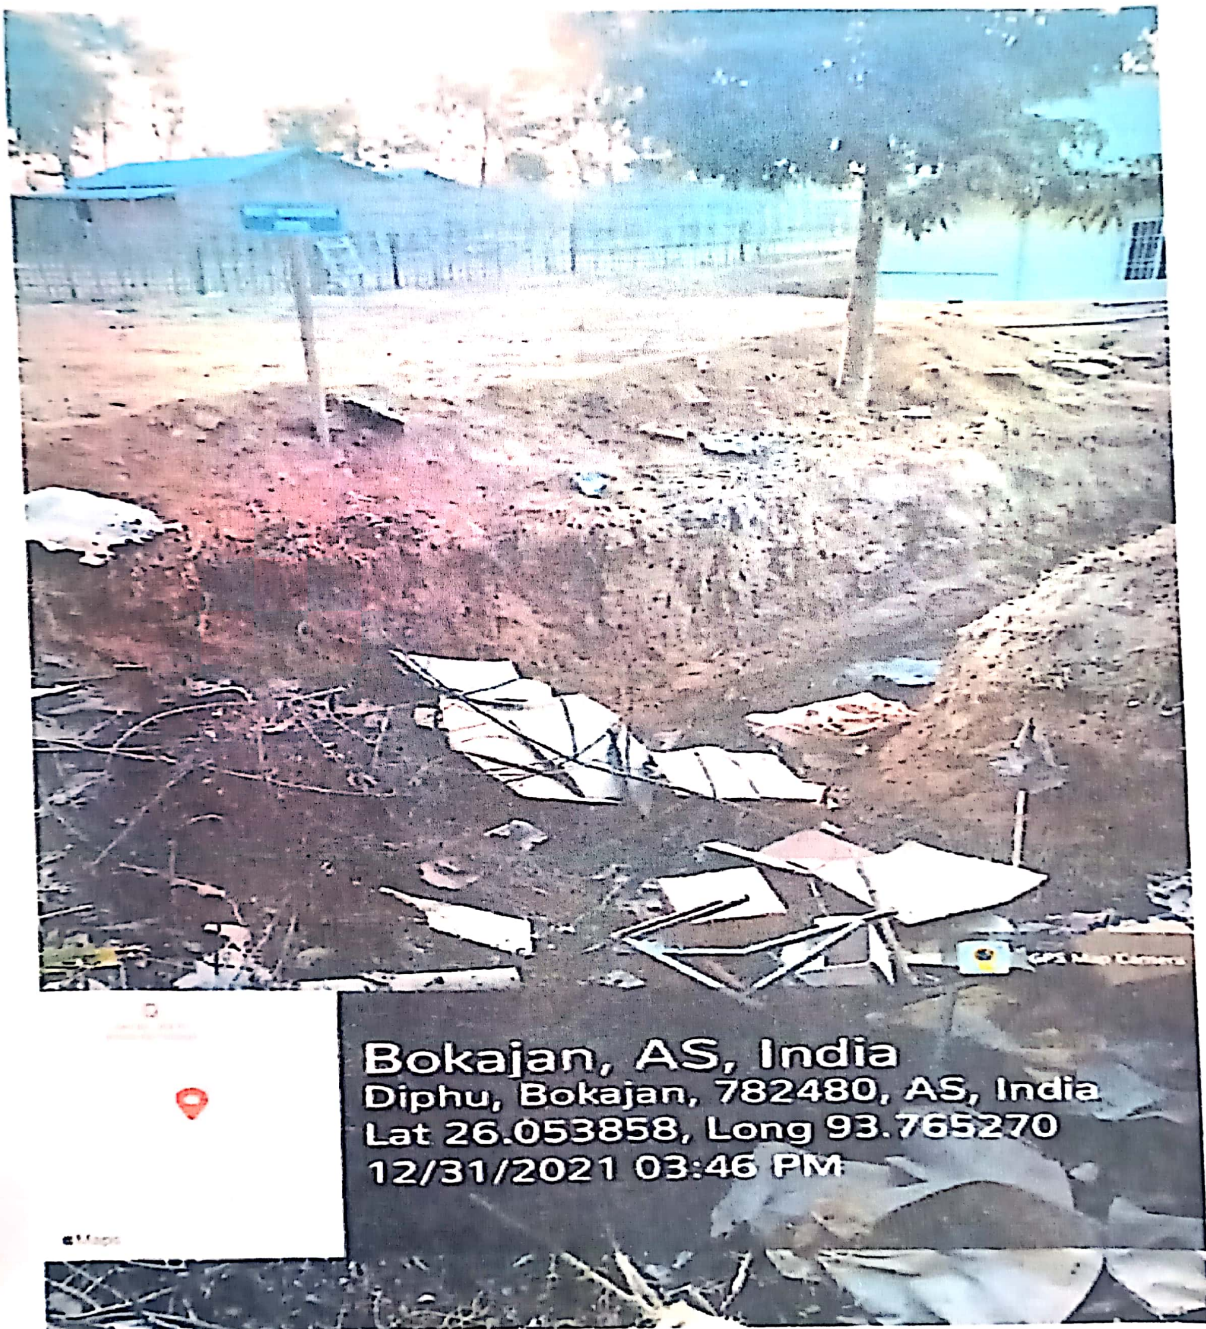

## Facilities for Waste Management in the Institution

The institution implements a comprehensive waste management system to address various types of waste, ensuring environmental sustainability and compliance with regulatory standards.

### Solid Waste Management

The institution segregates solid waste at source into biodegradable and non-biodegradable categories. Biodegradable waste is processed in a composting unit to produce organic manure for use in campus gardens, while non-biodegradable waste is handed over to authorized recyclers.
