## POLICY ON DISABLED-FRIENDLY ENVIRONMENT

Right of Persons with Disabilities Act, 2006 prohibits discrimination and exploitation against individuals with physical and mental disabilities. Our institution is also against all kinds of discrimination arising out of disability. To ensure a barrier-free environment in the college campus, our institution has evolved a disabled-friendly policy by resolving to respond to all learners' diverse needs. We do resolve to identify what barriers could hinder the learners to access learning opportunities in the class.

Objectives of the policy are:

- To create an inclusive culture to avoid any discrimination, exploitation and exclusion of disabled students and staff from all spheres of work and education.
- To ensure implementation of all the legislations with respect to persons with disability.
- To ensure and accommodate participation of students with disabilities in any activities organised by the college.
- Our institution is committed to creating a disabled-friendly, barrier-free campus.
- Ramps for easy access to class rooms to be provided.
- Provisions to be made for disabled-friendly washrooms in the college campus.
