Sub: Request for taking necessary steps regarding improvement/modification in the present UG curriculum as per faculties' feedback report.

Dear Sir,

With reference to the subject cited above, I would like to inform you that we have collected feedback from our faculties regarding the present curriculum for the session 2020-21 and the same has been analyzed accordingly. We have received valuable suggestions and these need to be taken into consideration. The noted discussions and suggestions are noted below for your kind information and necessary measures.

1. The present English Core course of CBCS system is more literature centric. It is needed to develop linguistic competence in the learners by including the linguistic items like "History of English Language", "Structure of modern English", "Phonemic Transcription" etc. into the curriculum.
2. It is becoming necessary to compile and publish selected text books for each semester for the benefit of the student.
3. University should incorporate some more skill based programmes/ papers in the curriculum for the benefit of the student for enhancement of employability in various sectors.
